BUILD A BRIDGE TO A SAFER, MORE EFFECTIVE, MORE PROFITABLE TRANSPORT OPERATION WITH DIVERSECO

Diverseco has an unrivalled history in the design, manufacture and commissioning of weighbridges and truck scales of all sizes and capacities throughout Australasia. Our vehicle weighing systems provide drivers the knowledge they need and security they deserve and enable organisations to: maximise payloads, avoid overloading fines, reduce WHS risk, meet Chain of Responsibility regulatory requirements, increase operational efficiencies and effectiveness, and reduce costs.

WEIGHBRIDGES | MADE TO ORDER – BUILT TO LAST

AS THOUSANDS OF SATISFIED CUSTOMERS CAN TESTIFY, DIVERSECO PROVIDES:

TURN-KEY, BESPOKE WEIGHBRIDGES & TRUCK SCALES TO SUIT ALL SITES AND VEHICLE WEIGHING APPLICATIONS, INCLUDING:

- > Above-ground, semi-pit and pit mounted weighbridges
- > Portable weighbridges
- > Multi-deck weighbridges
- > Axle weighbridges
- > WIM Weigh-in-motion weighbridges
- > NMI trade approved weighbridges

WEIGHBRIDGES & TRUCK SCALES THAT ARE ENGINEERED TO LAST THE TEST OF TIME AND MEET THE NEEDS OF AUSTRALIAN HGV FLEETS:

- > Quality Australian manufacturing. Built to Australian Standards, including:
 - > AS 1554 – Structural Steel Welding (for deck fabrication)
 - > AS 3600 – Concrete Structures (for weighbridge foundation construction)
 - > AS 1657 – Hot-Dip Galvanising (for weighbridge deck frame coating)
- > Durable - concrete or steel deck fabrication options
- > Robust, reliable digital load cells that are hermetically sealed (IP68) and possess over-voltage protection
- > Backed by industry-leading warranties

IMPORTANTLY, DIVERSECO HAS AN UNRIVALLED CAPACITY TO RAPIDLY RESPOND TO CUSTOMER NEEDS, KEEPING DOWNTIME TO THE ABSOLUTE MINIMUM:

- > Service centres in every mainland state
- > Highly qualified and experienced weighbridge calibration and service crews
- > Fully equipped weighbridge test trucks
- > Replacement parts readily available for the weighbridges we manufacture
- > A quality management system that assures excellence in design, construction, installation and servicing of weighbridges

WEIGHBRIDGE SOLUTIONS | WEIGHBRIDGE ACCESSORIES

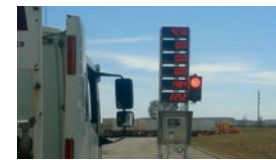

Our comprehensive range of weighbridge accessories can be engineered to form a complete made-to-measure solution that ensures regulatory compliance, increases operational speed, efficiencies and effectiveness, and reduces labour costs.

OPTIONAL WEIGHBRIDGE ACCESSORIES INCLUDE:

BOOM GATES

Ideal for managing traffic access and traffic flow on-site, boom gates can be operated manually or controlled automatically with an automated system integrated with the weighbridge.

REMOTE DISPLAYS & SCOREBOARDS

Perfect for displaying weight readings to the driver, as well as alpha-numeric messages such as site destination details.

ELECTRONIC IDENTIFICATION SYSTEMS

Uniquely identify vehicles, companies or people and prevent fraudulent use of automated weighbridge systems.

TRAFFIC CONTROL LIGHTS

For the safe regulation of traffic on-site and ease of communication with drivers when weighbridge access is clear.

CAMERAS AND VIDEOS

Cameras for security or rego recognition/capture and digital video recorders (DVRs) for storage and management of videos.

DRIVER CONTROL STATIONS - UNMANNED WEIGHBRIDGES

Diverseco's Driver Control Stations (DCS) streamline your operations and workflow, increasing effectiveness and profitability by eliminating the need for a trained operator to man your weighbridge. Our DCS range from basic electronic identification stations to complex ticketing and data capture stations.

OHS PRODUCTS

Ensure that all workplace health and safety requirements are upheld, from access platforms and safety railings to walkways and barriers.

WEIGHBRIDGE SOLUTIONS | WEIGHBRIDGE SOFTWARE

Diverseco's weighbridge software streamlines the management of weighing operations. Easily configured, Diverseco's software ranges from out-of-the-box entry-level packages for small sites, right through to bespoke, multisite software solutions.

OUR SOFTWARE PROVIDES CUSTOMERS WITH WEALTH OF INFORMATION TO INFORM STRATEGIC DECISIONS AND OPTIMISE OPERATIONS, INCLUDING DATA SUCH AS:

NUMBER OF VEHICLES ENTERING YOUR SITE EACH DAY		VOLUME (ON AN HOURLY, DAILY OR WEEKLY BASIS)	
CUSTOMER HISTORY	REPORTS FOR THE EPA	LEVY & QUOTA REPORTS	
VEHICLE TURNAROUND TIME AND REVENUES (BY CUSTOMER AND SECTOR)			
PRODUCT TYPES AND WEIGHTS		PROFITABILITY AND RESOURCING	

DESIGNED TO INCREASE CUSTOMER PROFITS & OPERATIONAL PERFORMANCE, DIVERSECO'S WEIGHBRIDGE SOFTWARE OFFERS:

- A COMPLETE SUITE OF DETAILED, ACCURATE, CONFIGURABLE REPORTS AND DATA
- AN EASY-TO-USE INTERFACE, BACKED BY AN EXPERIENCED TEAM OF EXPERTS
- SIMPLE SET-UP AND SEAMLESS, WIRELESS INTEGRATION WITH:
 - > All our weighbridges and other site equipment
 - > A range of other software programs (ERPs, accounting programs, Word, Excel, and so on)
 - > ICT devices, such as electronic identification systems and cameras
